

Long Hill Estates Board of Directors Meeting
November 3, 2021
Online, asynchronously

Present: Allen Hollander, Diana Griffin, Maura Scanlon

The Board was notified by Monadnock Disposal Services (MDS) that their recycling services (the separate, mixed recycling dumpster) will be ending near the end of November. MDS claims they have no place to dispose of recyclables; no market for them; can't get rid of them.

The BOD voted unanimously that Long Hill Estates will transition from the two 4 yard dumpsters to one that is 8 yards in size. It will accept bagged trash and what we considered recyclables up to now. (This is what we used to have prior to going the recycling route)

However, the Board strongly encourages everyone to recycle via the Peterborough Recycling center. Information on the center will be distributed in the next couple of weeks and will include directions on how to sort. Using the recycling center will also help us avoid overloading the one dumpster we'll have.

The Board suggests that neighbors might band together to take turns bringing their recyclables to the town recycling center. Less travel.

Respectfully submitted by
Allen Hollander
