

Long Hill Estates Board of Directors Meeting  
July 21, 2020  
Unit #13

Present: Allen Hollander, Diana Griffin

- The Board discussed the situation at our dumpsters wherein inappropriate items are placed into the bins.
  - Diana will research options on how to monitor, as well as communicate to the community.
- The Board reviewed how the roof replacements went on 3 buildings + 1 sunroom. We are very pleased with the work and clean-up of Guyer Roofing.
  - Allen reached out to the company owner concerning the lack of a port-a-potty for the roofers, broken branches on one tree, and placement of plywood left flat on the lawn for a few days. The Association rented a port-a-potty)
  - The owner was informed of all of the above and offered to reimburse us for whatever costs we incurred to remedy anything.

Respectfully submitted by  
Allen Hollander
