

**Long Hill Estates  
Board of Directors Meeting  
June 20, 2021  
6-7 pm  
Unit #32**

Present: Allen Hollander, Diana Griffin, Maura Scanlon

- Vegetable garden invasive plants will be removed. The fence will remain intact.
- Dumpsters: We will maintain the status quo and monitor the use. New residents moving in, and current residents moving out will be reminded not to overload the dumpsters during the time of transition.
- “No Hunting” signs will be posted around LHE controlled land. This will include at the gates located on both ends of the upper dirt road.
- “No Parking” signs will be added near the top of Long Hill Road. If residents need space for short term overflow parking (and the kiosk lot is full) they may contact the Board to get permission to park at this location.

Respectfully submitted by  
Allen Hollander
